Minimum Balance Requirements

To open the account. You must deposit at least \$1000.00 to open this account.

To avoid imposition of fees.

To avoid the imposition of the service charge fee you must meet the following requirements:

A service charge of \$15.00 will be imposed every statement cycle if the balance in the account falls below \$1000.00 any day of the statement cycle.

To obtain the annual percentage yield disclosed you must maintain a minimum average daily balance of \$1000.00. The average daily balance is calculated by adding the principal in the account for each day of the period and dividing that figure by the number of days in the period.

Compounding and Crediting

Frequency - Interest will be compounded every statement cycle. Interest will be credited every statement cycle.

Effect of closing an account - If you close your account before interest is credited, you will not receive the accrued interest.

Balance Computation Method

Average Daily Balance Method. We use the average daily balance method to calculate interest on your account. This method applies a periodic rate to the average daily balance in the account for the period. The average daily balance is calculated by adding the principal in the account for each day of the period and dividing that figure by the number of days in the period.

The period we use is monthly statement cycle.

Accrual of interest on noncash deposits

Interest begins to accrue no later than the business day we receive credit for the deposit of noncash items (for example, checks).
